Other educational providers will be issued with a tax invoice from the NSW Department of Education on behalf of Sydney Distance Education High School. This will advise the provider how the fees can be paid.

NSW fully funded public schools will have a staffing reduction applied for students accessing distance education. All other educational providers, such as non-government schools, schools in the ACT and TAFE will be charged a fee that represents a contribution to the staffing reduction incurred by the NSW fully funded public school. On application for single course provision, a student's home school will be responsible for all costs as outlined in the schedules published by the relevant distance education school. Fees will not be accepted directly from parents/carers.

Fees for access to single course distance education will be set annually. The Department of Education does not determine whether other educational providers will meet the course costs or pass them on to the parents/carers.
