The student's parent/carer

- confirms that the home learning environment is safe and suitable for effective distance education provision
- declares that they recognise and accept their role and responsibilities in the student's education
- undertakes to provide and maintain an agreed mode of communication between themselves and the distance education school for the duration of the enrolment
- nominates a person (who can be the parent/carer) who will perform the role of supervisor during the period of enrolment
- is aware that for some enrolment categories, there are specified processes of referral and recommendation to be followed before consideration by the distance education school

In addition, the student's parent/carer

- is aware that all enrolments will be reviewed at least every 12 months (or at times specified in the current Distance Education Enrolment Procedures)
- is aware that the student's previous school and the Department's local Delivery Support Team (or their delegate) may be contacted for further information before an enrolment is accepted
- must notify the school if the student's circumstances change so they are no longer eligible for continued enrolment in distance education

- is aware that there is an expectation that students enrolling fulltime in Year 11 or Year 12 courses one term after the start of the course will enrol in a Pathways Program unless attendance at the previous school is verified as 75% or more (see Late Enrolment section, in *SDEHS Enrolment Information Years 7-12*)

Non-parent Supervisors

When a parent/carer engages support from another person in the role of supervisor, the parent/carer remains responsible for ensuring the responsibilities of the supervisor are carried out satisfactorily. From June 2013, legislation requires people working or volunteering with children under 18 years to have a Working With Children Check.

The new group phased-in between 1 April 2016 and 31 March 2017 includes people working in private tuition and coaching - many of whom are self-employed. This means parents/carers who engage tutors for their children should be asking the tutor to provide a Working With Children Check application or clearance number - then verifying that number online.

Parents/carers can verify the status of a Working With Children Check number by using the online tool available from the Office of the Children's Guardian.

I certify that I accept the above requirements for enrolment.

The **supervisor** is responsible for knowing where the student is at all times. This includes visits to the learning hubs.

The **supervisor** must arrange for supervision of the student's tests and examinations and take full responsibility for precautions and safety in all practical work. All formal communication will be addressed to the supervisor.

The **supervisor** ensures the following:

IMPORTANT: Not complying with the above conditions may lead to a student not meeting course requirements or a review of the student's enrolment.

For students who do not meet the requirements for enrolment relating to regular return of work and completion of Assessment Tasks, the school may reduce the student's program of study to a part program (Years 7–10) or pathways (Years 11–12).

Supervisors of students enrolled under the medical category acknowledge that if the enrolment is required for more than one year, updated specialist medical certificates will need to be supplied each year.

For vocationally talented students who may travel for short periods of time, it is expected that they continue to meet the requirements for enrolment in distance education, especially the regular return of work and completion of Assessment Tasks, including HSC Trial Examinations.

As with students in other schools, part time casual work may be appropriate where attendance requirements are met including ongoing contact with teachers, regular return of work and completion of Assessment Tasks.

An enrolment application for NSL will be emailed to you. This must be completed in full and returned with total payment to SDEHS. Please refer to payment instructions on page 24. The contribution for Years 11 and 12 is \$230 (covers both years) and for Year 12 only is \$115. When the completed form is received with total payment it will be forwarded to NSL. Final approval from NSL may take 2-3 weeks from the time the completed form is received at NSL. Our school may share enrolment information with NSL to support student learning. It is important to understand that all communication relating to language courses must be with the student's teacher at NSL.

Students may choose to study the following languages: Chinese, French, German, Indonesian, Italian, Japanese, Korean, Latin, Modern Greek, Portuguese, Russian and Spanish.

Please note, courses are not provided for all languages. Please refer to the NSL website <http://www.nwschoollang.schools.nsw.edu.au/> for a list of courses available.

Please write the name of the language course required on the previous page under Languages.

Permission to publish information

Dear Parent / Caregiver

The school/Department may publish information about your child for the purposes of sharing his/her experiences with other students, informing the school and broader community about school and student activities and recording student participation in noteworthy projects or community service.

This information may include your child's name, age, class and information collected at school such as photographs, sound and visual recordings of your child, your child's work and expressions of opinion such as in interactive media.

The communications in which your child's information may be published include but are not limited to the following.

- Public websites of the Department including the school website, the Department's intranet (staff only), blogs and wikis.
- Departmental publications including the school newsletter, annual school magazine and school report, promotional material published in print and electronically including on the Department websites.
- Official departmental and school social media accounts on networks such as the school's YouTube, Facebook and Twitter pages.

Parents and caregivers should be aware that when information is published on public websites and social media channels it can be linked to by third parties and may be discoverable online for a number of years, if not permanently. Search engines may also cache or retain copies of published information.

I have read the information about publishing student information and:

This signed permission remains effective until I advise the school otherwise.

Information about online services

On page 13 of the Department of Education official *Application to Enrol in a NSW Government School* enrolment form, parent/carers are prompted to answer the following question.

Online services

The Department provides students with filtered access to the Internet. Students also have access to a secure learning portal. After logging into their portal, students have access to a personalised email account and online applications. These resources enable students to collaborate with peers, publish online, and securely store their data for access within, or outside of, school.

When accessing some online services, data, including your child's name and files they have saved, are stored with the online application service provider in a location outside of the Department's network. The Department has worked closely with online application providers to assess privacy impacts and data security controls. Information about student privacy for parents is available from <https://education.nsw.gov.au/going-to-a-public-school/privacy-information> or from your school.

I give permission I do not give permission

for my child to have access to online services provided by the Department. This permission remains effective until I advise the school otherwise.

Parent/caregiver signature _____ Date _____

We strongly suggest you tick the "I give permission" box above and sign in the space above.

If you are unsure which box you ticked on the Department's enrolment form, or if you wish to change your selection, you may tick one of the boxes above.

Whilst the decision of the parent/carer is fully respected, if the "I do not give permission" box is selected then there will be an impact on the student's ability to engage in a variety of learning experiences at Sydney Distance Education High School. In particular, they will not be able to:

- receive emails from their teachers or the school. This could include information about school events (eg study days) and learning materials
- access elearning materials hosted on our school elearning site. All of our courses have some aspect of the course hosted on our school elearning site. Almost all Years 9 and 10 learning materials are available through the school's elearning website. Print based materials are only available following written request, with supporting documentation, that is approved by a Deputy Principal
- access web lesson software for communication

For more information please contact the Head Teacher Technology (Systems and Support) or Head Teacher (elearning) at our school.
